

10.2.2018

<u>Full name</u>	Ari Juhani Pikkarainen
<u>Address</u>	Saarenmaankatu 17 D 14 20240 Turku
<u>Tel.</u>	040-848 1765
<u>Email:</u>	pikkarainenari1@gmail.com

Date of birth 17.01.1956 Place of birth Oulu

Nationality Finnish

Research Scientist, University of Turku, Department of Biology Apr.2009 - Apr.2011

Managing Director, API Consulting Apr. 2004 – Oct.2005

Project Manager, Aboatech Oy Aug. 2002 – Sep.2003

Since August 2002 I worked as a project manager in Aboatech Oy, Turku. In my work in Aboatech Oy I got acquainted with the international patenting of new inventions among the university of Turku and Åbo Akademi.

Managing Director, Svanco Composting Oy Oct. 2000 – Jul. 2002

My work in Svanco Composting Oy was to be responsible of the business of new composting products in the subsidiary of Svanco Oy.

Project Manager, Svanco Ky	Jul. 2000 – Oct. 2000
----------------------------	-----------------------

My work in Svanco Ky, Lielax was the optimization of the composting process and the product development of new composting products.

Product Manager, Bio-Orbit Oy	Apr. 1998 – Dec. 1998
-------------------------------	-----------------------

Since April 1998 I worked in Bio-Orbit as a product manager.

Product Manager, Labsystems Oy/Bio-Orbit Oy Feb. 1997- Apr. 1998

Since February the 4th 1997 I worked as a product manager in Bio-Orbit, Turku and Labsystems, Helsinki (co-operation project between Labsystems and Bio-Orbit). My responsibility was the international marketing of the luminometric instruments and reagents both in Bio-Orbit and Labsystems.

Research Scientist, University of Turku Sep. 1991 - Jul. 1993

From the beginning of September 1991 I worked as a research scientist in the Department of Biochemistry at the University of Turku. My study concerned the new biochemical methods for evaluating the synthesis and catalysing rates of bone in human serum. As a routine part of my job in both Wallac and at the University I used Excel and WordPerfect computer programs. At the University I was able to develop my research and teaching skills as well as management skills.

Product Line Manager, Wallac Oy

Dec. 1986 - Jun. 1991

From the beginning of December 1986 I worked in Wallac Oy in Turku as a Product Line Manager. My responsibilities were in the marketing of the tumour marker product panel. My main duties were the planning of international sales material for subsidiaries. I also took responsibility for the marketing of the development of new products, and trained staff in Wallac and subsidiary companies. The official language in Wallac is English, so I used English every day as I was dealing with personnel all over the world. As result of my work in Wallac my marketing, financial and communication skills have benefited greatly .
